The place called Les Buis keeps the memories of the sacred tree of the Druids.

This wine has a delicate nose with aromas of red fruits such as blackcurrants and cherries. These elegant aromatics, with a hint of earthiness added, are very typical of the Pinot Noir grape.

This wine's superior quality has been recognized and has allowed it to enter the court of the 1er Cru. It will pair nicely with roasted meat, chicken, mushrooms and fine cheese.
