These 4 vineyards, located in the small village of Vosne-Romanée, have been harvested by the Domaine since 2006.

This Pinot expresses itself beautifully with an intense colour and a nose made up of dark berries such as blackberries and blueberries. You will also get a touch of spices to finish it all.

This wine is vigorous, intense and bold. It will be necessary to age it to fully enjoy it. Red meat and game served with mushrooms will go best with this exceptional wine.
